

# DON'T NUKE THE TAXONOMY

***Invitation to the  
Nuclear Energy Inclusion Criteria in the Taxonomy  
ZOOM Webinar on January 25, 2 – 4 PM CET***

The draft Complementary Delegated Act is out now, the member states' wishes to change will be submitted until January 21. Then the European Commission is expected to present its final proposal. Our webinar will present the proposal and discuss the exact meaning and consequences for politics, for new-builds, NPP life-time extensions and financial consequences for nuclear power projects with plenty of room for questions and discussion.

**Programme:**

2: 00 PM: Gabriele Mraz, Austrian Institute of Ecology: EU taxonomy inclusion criteria for nuclear projects

2: 30 PM: Wolfgang Pointer, OeNB (Central Bank of Austria): Consequences of the taxonomy for financial markets

3: 15 PM: Patricia Lorenz, Friends of the Earth Europe: Strategic input to start discussion and campaign preparations

**Please register here:**
